### Charge Capacity
12.5 Wh for charging your smartphone or other small devices (MP3, camera, etc.)

### Light Output
A fully charged Little Sun Charge gives you:
- 14 hours bright light, 75 lm
- 45 hours at 25 lm
- More than 150 hours at lowest level, 8 lm

### Charging
To charge, place the Little Sun Charge in the sun with its solar panel facing upwards or connect using a micro USB. Little Sun Charge takes about 7.5 hours to fully charge

### Use
Connect your phone using a USB cable
Charge indicator: press once
Soft light: press twice
Medium light: press three times
Bright light: press four times
Off: press again
